Steven Maria and I left their place at 6:00 Made a few stops (at the friends who kept the kids - at the post for Steven to sign out etc) and were on our way to Rotterdam, Holland. It was a lovely drive. We got to the ~~ferry~~ ferry about 3:30 Too early yet not early enough to drive back to Rotterdam to look around. Boarded the ferry at 5:00 but didn't sail til 7:00 so we could have gone to Rotterdam after all. Anyway we watched them load the Cargo Vehicles and finally leave. Then had our dinner - a "eat all you want" affair - went out on deck till dark - then in the lounge for an hour - Then to bed. I woke up twice in the night and since the battery in my watch was dead I didn't know what time it was and each time I put on my coat and went out on deck for half an hour - it seemed such a dream world!!

We left Ship in Hull at 8:00 and Joyce and Jane Wright were there to meet us. They drove us around Hull and some other places then out to their house - a new one they are just moving into. Then to an inn for lunch - a dinner really where we had our first Yorkshire pudding, beef vegetables and a luscious apple pie. Then to York where we met Jack and spent a couple hours in that walled City. Interesting! Then to Jacks about 6:00 where Gladys had a dinner ready for us, Trifle for dessert! a bath and to bed - a specially good night's sleep. Jack + Gladys have a Charming home

Cricket explained

You have two sides - one out in the field and one
in.
Each man that's in the side that's in goes out and
When he's out he comes in and the next man goes in
until he's out.
When they are all out the side that's out comes in
and the side that been in goes out and tries to get
those comming in out.
Sometimes you get men still in and not out.
When both sides have been in and out ~~including~~
