Speaker: Jennifer Kunz

Jay could not be here - read part of the letter. Expressed thoughts about his mission president how they became his second parents. Thanked parents for teaching him the 4 gospel principles. Now he will get an opportunity of teaching others those same principles. Dad;s and Mom's qualities will be a great aid on their mission - setting goals, setting priorities and the pure love of christ - charity. Sacrificing to leave your home and family is a great trait.

It is hard to say something about your parents - but my parents have had blessings poured out upon us since this mission call. Left E&C 4: about missionary work. My parents have faith, work and charity - hope going through countless piano recitals, and I can never remember them saying anything unkind about anyone.. They have pure love and charity. Told 2 stories
one while in 8th grade - make your bed. Left school to make bed.
Getting up early to practice. My father helped me mix religion with education. I am grateful for my parents. Setting apart by Elder Foust was a great experience. Bore testimony.

Speaker: Jody Kunz. Happy Father's Day. Read from scriptures:
My parents taught us to walk uprightly before the Lord and I am proud of them because they have taught us to do so. Value of work, service to others - families needing extra help. That families are forever. I know they will be great mission presidents. Mom will be a great missionary. Thanked our neighbors for supporting this call. Bore testimony.

Speaker: Jana Kunz - read letter from Jonathan. I didn't realize how important missionary work is until I got out here. You will have this experience. Thanks for being an example. Bore testimony and expressed love to his parents.

D&C - I know my parents love the Lord. They will be leaving their comfortable home - his teaching. Dad's sense of humor. Mom is so friendly. She is willing to help others. My parents will be an inspiration to those in the mission field as they have done for us. Told of some punishments - washing mouth out with dial soap or sitting in a chair.

Speaker: Joyce Kunz - beautiful sight today. We are thankful for being an important part of our lives. I wish all of you brethren a happy father's day. My mother called us to watch our brothers and father walk to priesthood meeting. I am thankful for a loving father who loves me. The way he lived. He served and loved the church all his days. Read from D&C. We will try and serve God with all our mind might and strength. Told about her mother joining the church then having to leave her home but would sneak up into the window and look in. I am thankful for my eternal companion and husband. All my children. Lehi's promise while going into the wilderness. Commanded to return and get the brass plates. Quoted Nephi's words. The way is prepared for us so we may accomplish the things we need to do. Jennifer has helped us so many hours. I know our children will be taken care of. We love them the way they conduct themselves. Bore testimony.

(for my funeral: Love At Home
Love One Another
God Be With You Till We Meet Again

Speaker: Phillip Kunz - I've been overwhelmed to see my friends, relatives - too weird to be a bishop. I'm grateful for my companion. Elder Foust setting us apart - was a great experience. Picking mission presidents. Thought about my mission. Going to missionaries home. My size. Mixing up garments. Quoted from King Limonhi. Help me repent but not yet.Carl Kunz report about New York. Digging a hole to coax our friends. I am grateful for my father. & Rosina Katharina Kunz. some 14,000 descendants. 3,000 have gone on missions. Johannes Boss - John Sheffield's posterity. Our call has been tremendous. We have rubbed shoulders in the missionary department. We received a beautiful blessing of presiding and that is what I plan to do. I know it comes from the Lord. I needed to wait for this calling until I finished the Kunz family record which I have done. I know the plan of life the gospel is true. We come here for a season and only for a season. Alma 34: quoted. Bore testimony.
