Clark Imley informs me that they have a bass fiddles in the orchestra now. It is played by a man named Bevan. It adds just the touch that the band needed. Clark said Pat Cook has dropped out. He was playing the guitar. They haven't had too much success on their dances. Now I ask you is that the way to treat a home town band as good as Innovations in Blues. Well I wouldn't think so. I certainly hope that they can do better next time.

In the Look magazine of July 22 appears a picture of Grantsville's main street. The caption of the picture says something about a flock of sheep being a hazard on the highway leading to the Great Salt Lake Desert.

Other hazards are cows rabbits deer tumbleweed careless pedestrians reckless drivers and bad curves. It is a perfect word description but it gives people the wrong impression of Utah. We ought to do something about it.
