The Cultural Refinement lesson was on "Humility". Reference was made to an excerpt from How Green Was My Valley. (I want to re-read it.) The boy sees the birth of a child (his brother?) and is overwhelmed at the pain. He goes to his father and the advice he gives his son is touching - it's to remember as he associates with all men - all are born the same way. And he should remember in his association with his mama - and all women.

Worked on my income tax & researched the case study for Personal Finance. our attention to the verses in the Joseph Smith translation between Genesis 50: verses 27, 28 and 38. It gives further information about Moses to come from his lineage.

 ing crowd who had been about to give a perfunctory dismissal  
 when a voice said to him, "this is my daughter, listen  
 to her.) The second incident took place in the temple as  
 he pondered a particularly difficult-to-reach young man. He

AM Session. Elder Ezra Taft Benson (Elder Gordon B. Hinckley <sup>conflicting</sup>) — Enumerated numerous helps we have (temple)

new edition of scriptures, consolidated mtg schedule, new hymnal) and asked: "Are we using them?" Pres. Benson looks good - sounds strong. Re Bk. of Mormon being center of our lives. Pres. Romney a good example in his loyalty of it. # Psalms: no such thing as righteous pride in scripture, universal sin. (D&C 38:39) My will opposed to life, rather than thy will. Through pride the devil wanted to rule, Christ to save - what do I want out of life rather than what would God have me do.

Fullmers came.

Made Claudia K's wheat chili, changed closets, made two leis, paid for PIC tickets.

Left for the airport about 2:20 pm. I made two plumeria leis. Bought three and was given one. I went into the airport. Couldn't bear thinking I'd just pick them up on the sidewalk plus they only gave me the gate number on the phone rather than the baggage claim area.

Barbara has grown taller - 13 yrs. old - 5'3". The boys are big. They had a lot of luggage.

Wed. 4<sup>th</sup>

I thought I'd slept in. When eating breakfast it was 7:30, the time I thought it was when I woke up. The Fullmers didn't get up as early as I thought they would.

Thurs. 5<sup>th</sup>

A miserable night. Stayed in bed while Fullmers breakfasted. To campus for a division breakfast - a bounteous one - much too much food.

Adren Bird cut my cane off (Zenibar) and suggested I shift it to my left hand - this favouring their leg (right) it does work better. I'm just awkward with my left hand.

Sue Whetter got pineapple and papaya & bananas for us.

Fullmers took the car - hope they have a good time. (They swam at the hubilau while I was on campus.)

Fri 6<sup>th</sup>

Wilma, Keith and family went to the Devotional and shook hands and had their picture taken with Pres. Hinckley.

A hard night in the temple, short handed.  
 Sister Betty Fairclayson talked to us in prayer meeting - she expressed herself well. I was tired when I got home.

Sat. 14<sup>th</sup>

We went to Byodoin in Temple, to Punchbowl, to Waikiki for lunch (revolving restaurant). Fullmers went to International Market Place. I lay in the car in parking lot, read, dozed, started a letter to Wilma Finnish - maunā. Grocery shopped on our way home. Jim Ziel - ley still rebelling.

Smith sibling letter.

Sun. 15<sup>th</sup>

Up at 6:00 - Anna McCouiston picked me up for the 7:30<sup>AM</sup> meeting in the temple. My assignment was to give out color cards to indicate the rooms they would sit in. Interesting how many had no recommendations - and how many were not stamped.

All supervisors sat in the selected room. It was an excellent meeting. It is a treat to be so close to the brethren. Pres. Hinckley stayed with the Haycocks next door. He dedicated 18 temples during the time Presidents Kimball and Romney weren't able to travel. (see Spurrer had mentioned how he'd yearned to be of help to Pres. Kimball when he carried such a burden).

Pres. Hinckley spoke of how well he'd slept in the "soft air" and the pleasant "winds".

President Arthur Haycock spoke in Hawaiian.

Many of the people understood - and wept. Joe Okuini & Cecilia Fong sang - in Hawaiian - Faith, Hope & Charity, a lovely song. President Haycock - Finlayson wept.

I was impressed with Sister Haycock. I look forward to getting acquainted with her. She's very short.

Had my training - overview session with Wilson Pereira & Elsie Blewins. We visited ~~to~~ <sup>to</sup> visit Sophia Macatoka -  
 Mon. 16<sup>th</sup>

Keith Fullmer shaved my kitchen door.

Mate Jackson gave us a stalk of bananas.

Wrote to Gladys Banks & Arlene Hawkins. Wrote on the and mailed my sibling letter to Neva Smith.  
 Tues. 17<sup>th</sup>

A stormy night. Wilma cleaned the house - by noon it was sunny and the family went swimming. Man's war were rampant, I rapped.

Gladys Banks called, checking my schedule.

Bill Hubbell, on his own volition, brought a pick and husband - and shaved - Fullmer hair - coconuts.

Keith Fullmer painted my yellow lamps almond. They harmonize better - though a bit bland - I didn't have the energy to chase colors. He does a meticulous job.

When we picked up the pineapple in Waipā - (\$1.48 for 3 cases of 10 each) Fullmer had to hold them. We were loaded.

We ate at McDonald's and got to the airport about 7:35 pm. I was too reluctant to leave them "dumped" on the sidewalk.

The house seemed tomblike on my return.

Wed. 18<sup>th</sup>

the highest FSN 115 final score was 6690 - yaks -  
Left grades in about 1:00 pm.

Sandra Molis didn't pass her Eng. III W.

I came home and rested -

My suitcase is out - Larra Harrison called. Her  
class (summer school) was canceled.

Thurs. 19<sup>th</sup>

Washed. To Kailua to get my glasses straightened  
(I'd sat on them!) Bought a blouse & a navy jacket  
and a flight bag.

Fri. 20<sup>th</sup>

A not so hard pm in the temple. Bon  
voyage to Mary Mites.

Sue Atkins gave me a roll of sushi.

Sat. 21<sup>st</sup>

Graduation. I waited for the faculty in  
the Activities Center with Jack Johnson. The  
exercises were long.

Julia Caver picked me up at 4:15 pm -  
to the airport and a wheel chair & ~~some~~ electric  
cart ride to the gate.

Claudia Mayfield made me a bougainvillea  
lei.

Gene Durford who is staying in my  
house came over.

Sun. 22<sup>nd</sup>

We were fed for about four hours -  
no sleep - movie with Goldie Hawn. Gates  
of arrival & departure were side by side in  
Denver. Leg stiff, swollen.

Kansas City airport sparsely peopled - Finally  
resorted to a \$26 cab ride to the hotel  
which wasn't taking guests until 1:00 - in  
reality for me about 2:00 pm. I was beat -

Picked up registration materials while wait-  
ing. Convention hall is a block away. at-  
tended the Penney's (last one) Family Life  
forum. Mrs. — Shelly of Yankovich falls  
& — Kaselbaum (Kansas Senator) were speakers

Miss Skelly gave some interesting trends or continuums of trends. Quite provocative.

Dinner at Vista Hotel, also on the Plaza Walk & to bed.

P.S. After getting in my room I slept about three hours in the afternoon

23 June - Mon

I slept in until about 8:45. Feel like a zombie - puffy eyes.

Breakfast - buffet - at the hotel is complimentary. ate with a speaker from Delaware & an exhibitor. Pleasant.

My leg feels much better.

I went to the exhibits and attended two subject matter sections - both were very good. They concerned: (1) What's new in Household Appliances (2) What's new in Interiors; Furniture & Carpets. One of the #2 speakers was my breakfast table companion. I saw the other in her booth at the exhibit.

By the time I got back to the hotel my leg knew it. Rested as I sorted my exhibit material and had a hot bath and it was feeling better.

At the Pacific Northwest's alumni reception - met Maurine Humphries, Utah State Director of Home Economics - Solennia - shared a table with an extension specialist from Vermont and a woman from USDA office in Washington, D.C. Pleasant. I had a "cejien" blackened red snapper, small but good.

24<sup>th</sup> June

Went to breakfast about 7:30 - no competition for seats. Good biscuits. Went back to bed when I got back. Went to three sessions 10:30-12:30, 1:30-4:15. I thought the tubulation one particularly enlightening re the RDA - Helen Guthrie spoke who was on the committee from 1980-1985. The review boards wouldn't accept their recommendation. Mostly because they recommended lowering Vit A & C.

On my return to the hotel I had a note to call Byll-AC collect. Urgent! It was then 12:37 in Hawaii. I knew Yolanty would be out to lunch. When I got her, Registrar's office didn't have my grades. I put them in the ~~computer~~ mail on the 18<sup>th</sup> of June.

Wrote Ray Franssen re. ordering a textile film. Also wrote Johnnie Howell to tell him I couldn't be at our high school reunion.

Wed. 25<sup>th</sup>

Went to the FA breakfast/business meeting. Breakfast was heavy (quick with bacon, sweet rolls, orange juice) the speaker made me feel I knew the subject of food quality quite well.

Wrote for the Smith sibling letter, Delma and Esme Argent.

Washed my hair (first time after permanent) very curly. Looks pretty good - strange.

I went on the trolley tour - late lunch at Westin Hotel - I'd have preferred some Kansas City ribs - Kansas City is not a densely populated city - at least as I surveyed it. I walked to the post office - I'm "downtown" - to mail an envelope of convention material.

Letters from Wilma, Barbara and Gary Fuller. Gary did his on the computer.

My knee aches. # Went downstairs for a tomato juice (at the free cocktail hour) - brought up to my room.

Packed.

Thurs. 26<sup>th</sup> To Arkadelphia.

Woke several times before the alarm. Took bags down - no porter - not anyone else in the lobby - checked out quickly. Took bags, gently, down the decline to the Americana in the next block where the airport bus stopped.

The plane to Little Rock was a 16 seater - I almost got left in a stop-over at Fayetteville, (AR)

Shirley, Anne Marie & Paula Olson met me at the airport. The girls have grown. Arkansas is green - and pretty. Their home is comfort-

able. Scott and Dale have grown — up — Dale is taller than I; Scott as tall.

We had lunch then went over to Pam & Victor's (Warner) & their two boys, Ross & Wayne, are handsome and very tolerant of strangers. Victor has a back problem — walks older than I. Kelly & Georgena, their foster children are 13 & 14 — I'd met Kelly before. They have the same mother, different fathers. Georgena is a pretty girl.

After dinner at Wilsons Warner came over. The girls, & Ross, made me cards.

I was ready for bed — (Fresh tomatoes, squash & salad for dinner.)

27th, Fri

We were to go on <sup>our</sup> boat trip but it's raining. Shirley's granola — not so sweet — for breakfast.

Award member, and daughter, came over. I caught up with my journal —

We drove around town. I bought a pair of shoes — navy — pump style, strap, a little lower heel than usual.

Pam, Victor Warner and children came over for hamburgers. Blair (Olson) had a seminar today. He was tired,

28th, Sat Lots of lightening last night.

I slept in. Shirley was gone before I woke. I was aware Blair was getting Scott off.

I washed a few clothes. Pam Warner came over and picked up Anne Marie, Dada and me. We went to her house, played games, watched their video of "The Safety Kids". Blair & Dale came over for lunch.

We drove to Lake De Gray, saw a film at the Visitor's Center in which Blair is shown in "Walking Trucks on his back". Anne Marie said, "Daddy looks fat." The lake area is well kept and beautiful.

We're going to the Bonanza Restaurant for dinner. A buffet —

It has been cloudy and rainy all day — Fed 13 for \$3. at Bonanza.

Sun, 29<sup>th</sup>

Philadelphia Branch is nice but nice. I met the Belars and two of their daughters. Sacrament meeting isn't as long because of fewer to <sup>whom</sup> sacrament is served. The Wenas came over for dinner. Visited, visited.

Shirley, Blair & I went to see their friends and former neighbors, Opal & Ben. She is 88 and very forget. It <sup>brings</sup> flashes of intellect and humor. She is in the nursing home, he in the self care unit. Both look quite fragile. From there we drove around through some bigger homes - to the park near their house.

I finished packing, got Shirley grandpa recipe.  
Mon. 30<sup>th</sup> (To Greenbelt, Md.)

It was pitch dark at 4:45 AM when my alarm went off. I had juice, rice cake with almond butter for breakfast. Ann Marie came bouncing out, Dada a little more sleepily. It was foggy enroute to the airport. The girls wrote letters to Paula Hirschmann.

The gate from which I departed was the furthest from the ticket counter. I was on board for about ten minutes when one of the stewardesses asked if I was Lavina Harper - on confirmation she handed me Dada & Ann Marie's letters to Paula. We had all forgotten them.

Stopped in St. Louis, Chicago -

Quite a bit of walking at Balti-Wash. airport though I didn't have to wait but about ten minutes for a bus. Erwin Hirschmann is spending the night in Princeton, N.J. Paula (Hirschmann) had the little ice cream freezer in the back seat giving it a periodic stir when she and her mother (Velma) picked me up at the airport terminal. We ate it soon after arriving at 35 Lakeside Dr. Visited, went to a Mexican restaurant for dinner.

Tues. July (Greenbelt)

Cool, cloudy, nice.

Wrote Pam, Shirley. Made out checks for Hort Fed.

We went to Paula's piano teacher to see a video of Anne of Green Gables - all 4 parts.

I had a nap in the pm while Velma took Paula to the Dr. for her infected ears. My leg needed a <sup>PAGE NO.</sup> day of rest.

Wed. 2nd

Erwin stayed a second day in Princeton. It's cloudy, raining. We all three slept in. Paula took her last violin lesson. We went to Dally City to Ibedas, the Swedish furniture store. It was fun! I stopped before my leg got too sore.

Wrote Neva & Theron an aerogramme - a little more success in folding. # It is raining a nice steady - much needed - rain.

Thurs. 3rd

The weather is amazing. Clear, 80°.

I've lazed, read, the day away. (The Scarlet Letter)

Went with Wilma & Paula to get her (Paula) some fabric for a dress.

Watched Yankee Doodle Dandy with James Cagney.

Wilma made peppermint ice cream.

Fri. Thurs. 4th

Slept in. My leg feels better. Coolish - crisp - nice - flags are out. Wilma made <sup>outch</sup> Baby Pancakes for brunch.

Lazied, read the day away - mostly outside. It was lovely. Discovered a nest of birds in the grape vine on the patio. We had a cook-out and afterwards watched the mother collecting food then like a plane or a bomber taking off dive into the nest to feed the three baby birds, after some time we realized there were two feeding them. A father too? It was quite fascinating.

Coolish. Quiet for a holiday.

We watched Greenbelt's fireworks then looked at TV and the spectacular at the Statue of Liberty.

Sat. 5th

I wrapped the package for Shirley Olson. Mailed it enroute for Paula to try out violins. Her friend/neighbor "down the street" went with us. (Eileen)

We watched the mother robin continue to feed her young. Warmer -

Sun. 6th

I didn't use my cane all day but by the time I ate at the SNE reception my leg had had it. Hirschmann's meetings are from 7-4 pm. I enjoyed Eileen Bright's Spiritual Log class on Integrity.

Their warehouse (Zoo Carrollton) has a new addition. It has increased their floor & class room space.

after meetings Edwin, Wilma & Paula took me to 14<sup>th</sup> & Penn Ave. in the district. Much walking to my room. The girl at registration & the bell boy very friendly. The room is nice.

I picked up my registration material and attended the reception — for the food.

No tickets for the National Art Gallery — perhaps as well as my leg had definitely <sup>been</sup> overextended.

Took a hot pack in the tub. Went through the program for tomorrow.

Watched TV — read. Good breakfast.

Wilma Hirschmann called. They had a blowout on their way home. Both baby birds were out of the nest. Becky (nee Smith) Johnson called. They ~~are~~ <sup>are</sup> leaving for Wash, DC. on the 8<sup>th</sup>.

Enjoyed the session re nutrition and the social scientist — 3 anthropologists.

Saw two films. One on "Portrait of Gronoxia" One by Roman Reed — latter, uh, uh —

Roxanne(?) Galini spoke to me. I watched her for some time. She looked so familiar. She's in American Samoa now. With two others is staying in the representatives house. I knew she had Hawaiian connections because of her Hawaiian wedding ring.

Back to my room by 4:40 pm.

Finished my Supt alleyn bag —

A continental breakfast. Good cantaloup.

Attended the 8:30-10:30 meeting, brought a Wed. lunch ticket.

Called Wilma Hirschmann. The little robins are all gone. They're feeling the heat. Called United Airlines. I'd have to pay 50% of initial ticket cost if I changed my flight date/time. Need to say "I'll leave as scheduled!"

Went to Garfinkles and came back through "the shops" - rested and took a taxi to the National Art Museum. It is hot. I saw the George Inness exhibit, nice. I liked his "Twilight". Disappointed not to find boxes of notecards and tall skinny Mary Cassatts.

Called Gladys Barks  
Took a cab to "Woodies" (dept store). They are doing extensive remodeling. Had a late lunch there. Visited their convention hospitality center. my leg had had it by the time I got "home".  
Wed, 9<sup>th</sup>

Washed my hair; I liked the hotel's shampoo - packed. Attended the 8:30-10:00 AM meeting. Back to my room (which had been cleaned) and read the article in the July Atlantic re pasta, their feature for the month.

So lunch - late - (after checking the posters - a good idea for a bulletin board) - still awaiting when I left.

One of the other girls(?) from Jamaica came up to speak to me. I didn't remember her at all. She has her masters from U of H.

Paula + Wilma Hirschmann picked me up at 2:30 on the dot.

Got to the S.L. airport just as Eric Hirschmann had talked to his mother. He smiled & said, "Aunt Laveria!" Gave me a hug. ### 1986 in Retrospect

1. ~~Sandra~~. Fae (nee Millerberg) Coon and her husband, Bill, spent a couple of weeks with me.
2. The Robert Finlaysons left - the Arthur Haycocks took over the temple presidency. The meeting to sustain the new Presidency was in the temple - President & Sister Gordon B. Hinckley were there. I, as one of the supervisors, was invited with the others to the celestial room where the meeting originated.
3. Wilma, Keith Fullmer and family spent two-three(?) weeks

in June.

4. In May I pulled a ligament (3) was on crutches then used ~~on~~ a cane. Almost against my better judgement I went to Kansas City for AHA. I was very selective in the meetings I attended. From there to Arkadelphia, Arkansas. What a delightful visit with Shirley & Blair Olson. Also Pam & Victor Wayne's family.  
My usual Utah, Idaho & Ca. visit
5. Harold Penney called & we had dinner together. The curtain rolled back thirty years -
6. A frustrating fall semester catering to my knee - leg -
7. A pleasant finale for my last Management class. Some particularly astute students
8. My class & I were delighted when a big bouquet of balloons were delivered during the finance class.
