Thurs. 1st

News was in respiratory difficulty this morning. I took a copy of her living will to the hospital. Barbara & Bead Burgi stopped. The nurse gave me a mask.

Barbara and Harold Jahn came. Shirley Olson and Pam Werner on on their way. They removed the oxygen mask - put nose oxygen back on - she talked to Dr. Ayers and she - and family feel she shouldn't have anymore intensive efforts.

I took Janice Cooper the newspaper "Cricket" when I talked to her. Anne. I talked to Don Willmore -
Donne & Cole Pope stopped in. Sounded awful
Listened to "New Year's in Virginia 1998."

Fri. 2nd

Washed garments.

Wrote the "An gods", the Sammy Cheaps, Ellis Jones, Becky Woodward, Pam Werner long time friend, brought Pam and Shirley (Olson) luggage. Stayed and visited a lot. At 2 Credit Union for cash. Made call for '98 ch. center. Barbara Storey came. Also Becky and Danny Johnson nice visits with them. Danny went up to News to watch a ball game. Becky heard Steven Smith suggest the possibility of moving to Quora. Her perception quite different from News. She (News) was speaking of "disrupting their lives" - "if closer", Steven suggested and she jumped to conclusion they wanted her to move. We need to hear both sides of the story -

When Becky & Danny Johnson left for the hospital and Barbara went up to beds for some sleep I fell on the couch (5:00ish) brushed - couldn't seem to stay put. Winnie McLellan, Martha Whitehead called.

Sat. 3rd

Early News from the hospital was good. A bad coughing burst the illusion - Dr. met with Shirley, Bryan, Pam, Barbara, Becky and Danny. Pulmonary, vascular systems broken down. After talking to the other siblings the bad decision - with her ^(News) encouragement - to withdraw Oxygen, make her as comfortable as possible - Oxygen taken away at 4:30pm Becky & Barbara picked me up

Snowed last night.

I was going to return a returned bathing suit (I sent it - was returned - company address a little small returned address (mine) was bigger than the company) came home - divided up groceries - I had just time to call re Wilma's (Hirschmann) flight. Half hour late. She feels rugged - flight was difficult on her ears.

Numerous phone calls.

Steven, Shirley and Wanda had a meeting on Ned's finances. When Pam called to say "they" had called in a cardiologist, they - and Wilma - went to the hospital. Dr. Parker, her Primary physician is back in town. Thank goodness they felt so good with him, spelled out Ned's problem: heart failure, pulmonary edema. He agreed - encouraged - hospice care at home. Tell the cardiologist when he came that he wasn't needed. I, too, feel good that he seems to know what's the whole picture is.

the floor. A struggle for us both to get her up. Scary - for all three of us.

Went to RA, typed Linda Morgan's lesson; to Helen's windy cell. Darla had come with Wanda. Wanda stayed until 11:00. Tava has wandered / fretted all day about how she'll "find" her way.

Barb to Sea meeting. Kathy Pascal and Bro. Wisconsin spoke. Kathy of Joseph Smith, Bro Wisconsin on gifts of the spirit.

Shirley went to Sacrament meeting at the Sings. Ward Darla has been attending. Wanted to hear her sing in the choir.

I stayed with Tava. She was restless all afternoon. Wanted to go to the potty but I didn't feel I could try to manage alone. I left about 4:00 to truck. LD is Shirley. She hurt her back picking Tava up. Delma Coster called.

Talked to Lottie and Don - Vivian re daughter Viken. She (Viken) was able to see some psaches and drink. Said she was yellow - liver? Hepatitis? 9th Mon

Because I went to bed so early last night I was up at 6:00 AM. Did two loads of wash. To Neva's - helped Shirley with diaper change - changed the dress sheet.

To therapy. Left a little early to pick up Neva's Loxapam prescription at LDS Hospital.

Meg, the nurse, came about 11:30 - I was glad Lottie and Don were there to hear her. She put in another catheter.

I had a short rest before the Whiteheads came visiting / home teaching.

Don made a big pot of roast, potatoes, carrots and onions. Made the apartment smell wonderful.

Lottie and Don are spending the night with Neva; Shirley and Darla are spending the night with me.

Asked Meg if she could give a time frame for Neva - she said cautiously, "By the end of the week." Neva is weaker, confused, trouble expressing herself. Gave Meg her azalea.

The men from the mortuary came around 8:30 AM. Wilma Fallmer and Bryan Smith came before they did. I know it was hard for Bryan to go in and see her - Took Dada to the orthodontist. Got groceries,

17th Sat

Horzous day, though cold. Ruth picked up her children. She's so thin. Reel left for Denver.

Lettie, Don, and I drove to Reel/Clive Willmore. Their basement is nice. On to Logan & Joise Willmore's house in Highlands - on to the surprise birth day party for yours truly at Mello's Lohi Hotel. Steven Smith, Wilma, Keith Fullmer and their three children (Barbara - love her hair - and her two children, also and later Gary and wife Gloria) Wanda Wood and Jacob Wood, Becky & Danny Johnson and their five children, David & Jimmy Smith and their three kids, Bryan & Jira Smith and their children, also Karmala Willmore (Reel's wife) and her two youngest, Reel and Clive Willmore and their four children, Ruth nee Willmore and her three children Dimple & Carl Mello, Lettie & Don Willmore and Dora Olson.

Good food, birthday cake, attractively decorated tables; a cute Belgian man and a Maria-made birthday cake.

After everyone left I visited with Dimple & Carl Mello. Lovely drive, color-wise, on my way home. Two trips to get trunk of car emptied.

Wrote E-mail to Lettie & Don reporting my arrival home. Brought from Wellmore's tomatoes, split pea soup, beans and ham. From the party Wanda's baked beans and Clive Willmore's muffins.

Birthday cards from Betty & Keith Jenkins and Patsy Hews (plus an apple pie).

Reel - and wept - my notebooks with letters from Carol Smith, Barbara nee Smith plus a lovely collage of pictures from Tava Smith's 75th birthday party, a picture per of when I Shenk of Aunt Lavina from Barbara's daughter Kelly, Becky Johnson, husband, Danny, children, D.J. Paul, nephews and Cali, Bryan Smith, Shirley & husband Blair Olson, Dora Olson, Wilma Jean Fullmer, Wanda Wood, David Smith and Reel Willmore. I wept. Awww.

another lovely fall day. Took Dorothy Barber and her dad to Crossroads Mall. Had car washed. Picked them up after a thirty minute walk. Very thin - but then she always has been.

Wrote several E-mails. Dada Olson called.

Dear Lavina: Thought I'd respond to your cruise report. So glad you were able to take it...sorry about getting ill, but at least you were able to enjoy it. Sounds like the scenery was glorious. Did you over or underpack?

Thanks for taking Darla to the grocery store. I'm sending the coat she requested, it took me this long to mend the pockets, they don't look as good as I wanted.

I'm headed to walk with my ladies...it'll be coolish.

We feed the missionaries tonight, Elder Hodgkinson, our new elder replaced

Elder Smith, is from Orem. I think from Fullmer's ward/stake because he knows them. Will find out more tonight. They asked if I could pick them up,

I asked if they had bikes, they said yes, I asked them to ride over...it's

probably not even a mile.

Love, Shirley
